PROFILE

Software engineer with a proven ability to adapt in both self-starting and collaborative environments while staying focused on achieving high-quality results under strict deadlines. This quality and results-based approach drove me to collaborate with Sales Head at Mojoboxx to create digital campaign which turned out profitable for the company. Eager to obtain a challenging position at a prestigious company that will expand my learning and build upon my developer skills.

INTERNSHIPS

Bharat Heavy Electrical Limited   July 2022 – September 2022

Software Intern

Worked on-site as an IT intern in a Navratn Company of Indian Government. My role during this internship was to build and manage the company's website using the frontend tools such as Bootstrap and JavaScript

MOJOBOXX (SpiceJet's IFE)   March 2022– July 2022

Designer

Worked as a design intern at Mojoboxx(SpiceJet's IFE) where I was exposed to various works and functions alongside the Design Team. I worked on UI/UX, social media handling, advertisement designs and various other software including Microsoft office and Google sheets.

PROJECTS

KEY PERFORMANCE HIGHLIGHT SYSTEM

Created and maintained a system to keep an eye on the sales and purchases of a company and maintained the staff according to their department. with all that this system also captures every meeting held by each department.

Multiple Landing Page And Clones

I have created Clones of several single page and multi page websites using HTML/CSS/BOOTSTRAP and JS such as Spotify, RazorPay, FaceBook etc.
